At The Arc of El Paso, we are unwavering in our desire that people with intellectual and developmental disabilities (I/DD) have a better life experience.

The Arc was created over 65 years by parents determined to ensure full and independent lives for their children with I/DD, and to build a network of support for families.

For nearly 40 years, The Arc of El Paso has led the way locally with this very same caring focus and we are excited to share information about ABLE Accounts

We welcome you to join us and learn about ABLE Accounts while also introducing you to our latest learning series, The Center for Entrepreneurship and Employment Training.
